# SCHAWANG CATTLE CO.

## SCHAWANG Cattle Co.

*Dear Fellow Cattlepeople,*

*It seems like decades since our last sale a year ago. Hopefully it has been a great year for you. We certainly can't complain about the cattle prices recently and all the experts seem to think they will stay strong for awhile.*

*Our 2024 calf crop was over 70% bull calves so we have a great offering of bulls for you to choose from this year. We also have some awesome heifers, but maybe not quite as many as some years.*

*This year if you can't make it to the sale, you will be able to bid on DVAuction and we've added Livestockmarket.com as another online bidding platform. We will see how new technology and me get along.*

*Again, thank you for your interest in our cattle and we hope to see you on sale day*

*Randy & Mindy Schawang*

Mindy's Cell 402-367-8280

### MAIL OR PHONE BIDS

Please contact the auctioneer or owners for absentee bids or to be called during the auction.

### TERMS OF SALE

All sales are cash or good check on the day of sale.

Announcements on sale day will take precedence over printed material.

### HERD HEALTH

All females are preg-checked open.

Cattle have been managed with a comprehensive vaccination program and parasite control. Bulls will be semen checked. All bulls are virgins. Our herd is at stage 5 of the Johnes Herd Certification program. All animals in the sale have been tested negative for BVD.

# Sale Conditions, Care & Guarantee

## Conditions of Sale

Guarantee, terms and conditions not specifically addressed elsewhere in the catalog will be per respective breed association guidelines. Schawang Cattle Co., sale staff and assistants are not liable for accidents or injury.

## Bull Care

Bulls can be left at Schawang Cattle Co. free of charge until breeding season, or July 1. This is to allow our customers flexibility in receiving bulls and to help prevent injury from mixing bulls. Bulls are left at buyer's risk. Schawang Cattle Co will deliver bulls free of charge to Nebraska customers, to connecting states if purchase is over \$5,000, and anywhere in North America if purchase is over \$15,000. We will work with customers to get animals to their new home as economically as possible.

## Breeding Guarantee

*As written by a lawyer*

Bulls are warranted to be breeders (defined as the ability to settle an average number of cows during the first breeding season after attaining 18 months of age), with the exception of bull calves sold at the side of dam, or due to injury or disease suffered or occurring after sale. THIS EXPRESS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OF IMPLIED. In the event of a breach of warranty and upon timely notice, Buyer may return the animal for a full refund of the purchase price or, if available, substitution of another of like kind and value. THE REMEDIES SPECIFIED FOR BREACH OF THIS WARRANTY ARE IN LIEU OF ALL OTHER REMEDIES WHATSOEVER, INCLUDING INCIDENTAL OR CONSEQUENTIAL DAMAGES.

*As written by Randy*

If something goes wrong with the bull in the first 90 days after turnout, we will replace the bull if one is available. We will help you find a replacement if we don't have one, and give you credit toward our next sale for the purchase price less salvage value of the bull that went bad.

If a bull is promoted as a "calving ease/heifer bull" and it turns out that he isn't, we will give you credit toward our next sale of the purchase price less salvage value.

If a heifer purchased on our sale doesn't get pregnant, we will give credit less salvage value for our next sale.

What we will not do is refund or credit more than the purchase price or be responsible for open cows, vet bills or lost calves.

Our goal is that you are happy with the seedstock you purchase from Schawang Cattle Co. In the case of guest consignors on our sale, ask them what their guarantee is.

## Breed Average EPDs

| Breed     | Calving Ease | Birth Weight | Weaning Weight | Yearling Weight | Milk | Total Maternal |
|-----------|--------------|--------------|----------------|-----------------|------|----------------|
| Gelbvieh  | 13           | 0.1          | 69             | 103             | 23   | 58             |
| Simmental | 11.4         | 1.4          | 77.6           | 115.9           | 23   | 61.7           |
| Angus     | 6            | 1.3          | 63             | 112             | 26   | 61             |
| Red Angus | 13           | -1.6         | 66             | 106             | 26   | 37             |

### BULL DEVELOPMENT

It remains our goal to breed bulls to be the best they can be instead of breeding them to be the biggest they can be. We aim for 2 ½ to 3 pounds per day gain on the spring bulls. And a little less than that on the fall bulls which don't see feed that they don't graze until they are over a year old. This moderate growth rate allows their feet, legs, and testicles to develop properly for a long productive life.

# Yearling Balancer Heifers

## HEIFER SELECTION

Our 2024 calf crop was over 70% bull calves, so we didn't have many spring heifers to sell. We decided to keep some fall 2023 heifers open to put on the sale this year, so we have 6 long fall yearlings and 12 yearling heifers. It's an excellent group of replacement heifers with some show prospects.
